

# Liberty Green News

## Halloween

Halloween is fast approaching and we'd like to ask our residents to keep our children's safety in mind that evening. Kindly turn on your garage lights to help the children see at night. Also, turn on your porch light if you are accepting trick or treaters! Let's make it a safe night!

## Tree Trimming

Brickman Landscaping will be trimming the weeping willows on the single family home side shortly. We've recruited their help in properly caring for these trees.

## Parking

Just a reminder to please take care when parking a vehicle on the street. Many cars placed within the curves are making it difficult for the day-to-day flow of cars on our street.

## Speeding

Many residents have expressed concern over the speed of vehicles in our neighborhood. Please be considerate of your neighbors and the children and drive at a safe speed. In addition, many people are ignoring the Deaf Child Area and speeding in that area. This is unsafe and poses a real threat to this child. Please drive slowly.

## Friendly Reminder

Just a reminder to be nice to your neighbors and respect their property as well as yours.

-Please curb your dogs, it is a Lawrence Township Ordinance and fines can be incurred.

-Try to pick up litter to keep our neighborhood clean!

-Respect the wetlands, this is private government property and you can be fined if it is disrupted!

-Please keep children and pets away from the retention basins. Playing is not permitted in these areas.

-Try to keep trash pails out of view when possible, it helps the appearance of our neighborhood!

## Hunting Season

As you've probably heard, hunting season is now underway. We strongly advise all residents to stay away from the woods and wetlands areas.

## Contacts/Info

Clubhouse 609.750.9864

Closed for the season

## Fall Festival

Due to lack of participation and interest we will not be arranging a Fall Festival. We are open to suggestions for the Holiday season.

## For Your Info!

One of our residents spoke with John from Mercer County Pest Control. He stated that since they have begun spraying (June of this year) they have eliminated two species of mosquitos harvesting in this area. Also, testing for West Nile Virus and East Coast Equine Encephalitis was negative for the Mercer County area.

**The Clubhouse is available for rental, check the website for a rental packet.**

And finally, we'd like to use this newsletter as an informal source of information for Liberty Green Homeowners. If there are any topics you would like to see, please send in your suggestions.
